M. Sc. Micro- and Nanoelectronics

(Brandenburg University of Technology Cottbus-Senftenberg)

Mandatory Fundamentals (6 credits)

Introduction to Microwave Electronics or

Physics of Modern Devices

Mandatory Electives (66 credits)

Technology and Devices

(minimum 12 credits)

Circuit Design

(minimum 12 credits)

Applications

(minimum 12 credits)

General Studies

(6 credits)

Research Project

(12 credits)

Master Thesis

(30 credits)
