Molecular Plant Sciences (Master of Science)

Julius-Maximilians-Universität (JMU) Würzburg • Würzburg • Bavaria, Germany

Year 1 (Winter-Semester, WS)

- Current Methods in Biology (Lecture)
- Biophysics and Biochemistry (Lecture/Seminar)
- Practical Course F1 in one of six topics
- Additional Courses WS

Year 1 (Summer-Semester, SS)

- Plant Immunobiology and Pharmaceutical Biology (Lecture)
- Plant Adaptations (Lecture/Seminar)
- Practical Course F1 in one of six topics
- Additional Courses SS

Year 2 (Winter-Semester and Summer-Semester, WS + SS)

- Additional Courses WS or Additional Courses SS
- Practical Course F2 in one of the two selected topics, followed by the Master's thesis in the same topic.
- Thesis Colloquium

Molecular Plant Sciences (Master of Science)

Julius-Maximilians-Universität (JMU) Würzburg • Würzburg • Bavaria, Germany

Topics:

- Plant Membrane Biology
- Structural Biology
- Plant Adaptations to a Changing World
- Plant Biotic Interactions
- Plant Chemical Biology and Metabolism
- Plant Signalling Networks
